

## About Daikin

Daikin has been a world leader in the development, manufacture and sales of fluoroproducts since 1924.

Daikin Chemical Europe was established in 1992 in Düsseldorf to meet our customer needs in Europe, Middle East and Africa.

Recently, Daikin has invested in Europe and is proud to now serve customers with application laboratories for Paper and Textile/Nonwovens, Coatings, Fluoroelastomers and -resins, and Polymer Processing Aids.

Daikin's global network of affiliated companies allows us to combine our strong technical service capabilities to support our customers all over the world.
